## Privacy Notice (How we use your personal data)

Educate Together Academy Trust needs to use data on pupils in order to be able to keep you safe and deliver the best education possible. Only essential data is held, and we always follow the law when we collect use, store, and share your data.

You have a legal right to be informed about how our Trust uses any personal information that we hold about you. This privacy notice explains how we collect, store, and use personal data about you.

Educate Together Academy Trust is the 'data controller' for the purposes of data protection law. The Trust directly employs a Data Protection Lead (see Contacts below). Our Data Protection Officer (DPO) is Amy Brittan (see 'Contact' below).

### The personal data we hold about you

We hold some personal information about you to make sure we can help you learn and look after you when you attend a school in our Trust.

For the same reasons, we get information about you from some other places too – like other schools, the local council and the government.

This information includes but is not limited to:

- your contact details
- assessments of your work
- your attendance records
- your characteristics, like your ethnic background or any special educational needs
- any medical conditions you have
- safeguarding information, including any support we have provided to you or your family
- details of any behaviour issues or exclusions
- photographs
- details of where you go when you leave us
- CCTV images

### The personal data we hold about your parents or carers

We hold some personal information about your parents or carers to make sure we can help you learn and look after you at school.

- Contact details
- Payment details (for nursery or trip fees, for example)
- We may also hold some information about your parents or carers if you have a safeguarding folder
- Details of any complaints they may have made

## Why we use this data

We use this data to help run the School and Trust including to:

- get in touch with you and your parents or carers when we need to
- check how you're doing in all subjects and work out whether you or your teachers need any extra help
- provide remote learning opportunities during periods of lockdown
- track how well the School and Trust is performing
- look after your wellbeing

## Our legal basis for using this data

Under the UK General Data Protection Regulation (UK GDPR), the lawful bases we rely on for processing your information are:

- we need to comply with the law (*Article 6(1)(c) of UK GDPR*)
- we need to use it to carry out a task in the public interest (in order to provide you with an education) (*Article 6(1)(e) of UK GDPR*)

Sometimes, we may also use your personal information where:

- you, or your parents/carers have given us permission to use it in a certain way (*Article 6(1)(a) of UK GDPR*)
- we need to protect your interests (or someone else's interest) e.g., in a life-or-death situation (*Article 6(1)(d) of UK GDPR*)

We may also collect and use information about your health or other protected characteristics such as your religion or ethnicity. These are special categories of personal information, and we will only collect and use it when it is necessary for public health, e.g., protecting against serious threats to health. The legal basis here is *Article 9(2)(i) of UK GDPR*.

Public Health England also has special permission from the Secretary of State for Health and Social Care to use personally identifiable information without your permission where this is in the public interest. This is known as 'Section 251' approval and includes the use of the information collected by NHS Test and Trace to help protect the public from coronavirus. The part of the law that applies here is Section 251 of the National Health Service Act 2006 and the associated Health Service (Control of Patient Information) Regulations 2002.

Where we have got permission to use your data, you or your parents/carers may withdraw this at any time. We will make this clear when we ask for permission and explain how to go about withdrawing consent.

Some of the reasons listed above for collecting and using your information overlap, and there may be several grounds which mean we can use your data.

## Collecting this information

While in most cases you, or your parents/carers, must provide the personal information we need to collect, there are some occasions when you and your family can choose whether or not to provide the data. We will always tell you if it's optional and how to give us consent. If you or your family must provide the data, we will explain what might happen if you don't.

## Data sharing

We do not share personal information about you with anyone outside the school or Trust without permission from you or your parents/carers, unless the law and our policies allow us to do so.

Where it is legally required, or necessary for another reason allowed under data protection law, we may share personal information about you with:

## International transfers of personal data

We have audited where we store all the personal data processed in the School/Trust and by third party services. If a third-party service stores data in the EU or US, we have ensured that safeguards such as standard contractual clauses are in place to allow the safe flow of data to and from the schools within our Trust.

## How we store this data

We will keep personal information about you while you are a pupil at a school in our Trust. We may also keep it after you have left the Trust, where we are required to by law. If you leave us mid-year or move to a new school outside of the Trust, we will transfer your pupil record to your next setting.

Our record retention schedule/records management policy is based on the [Information and Records Management Society's toolkit for schools](#) and sets out how long we keep information about pupils.

## How the Department for Education (DfE) uses your data

The DfE collects personal data from the school and our local authority. We are required to share this data under Regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013.

All data is transferred securely and held by the DfE. For information about how the DfE keeps this information secure, please see

The pupil data that we lawfully share with the DfE through data collections:

- underpins school funding, which is calculated based upon the numbers of children and their characteristics in each school.
- informs 'short term' education policy monitoring and school accountability and intervention (for example, school GCSE results or Pupil Progress measures).
- supports 'longer term' research and monitoring of educational policy (for example how certain subject choices go on to affect education or earnings beyond school)

## Data collection requirements

To find out more about the data collection requirements placed on us by the DfE (for example; via the school census) go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>

## The National Pupil Database (NPD)

The NPD is owned and managed by the DfE and contains information about pupils in schools in England. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

The data in the NPD is provided as part of the operation of the education system and is used for research and statistical purposes to improve, and promote, the education and well-being of children in England.

The evidence and data provide DfE, education providers, Parliament and the wider public with a clear picture of how the education and children's services sectors are working in order to better target, and evaluate, policy interventions to help ensure all children are kept safe from harm and receive the best possible education.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-mpd-privacy-notice/national-pupil-database-mpd-privacy-notice>

- schools and local authorities
- researchers
- organisations connected with promoting the education or wellbeing of children in England
- other government departments and agencies
- organisations fighting or identifying crime

For more information about the DfE's NPD data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

Organisations fighting or identifying crime may use their legal powers to contact the DfE to request access to individual level information relevant to detecting that crime.
